Kaikoura Day Tour with Whale Watch

1 OCTOBER 2026 – 30 SEPTEMBER 2027

Begin your journey from Christchurch between 7-7.30am, travel north through rolling farmland and along dramatic coastal stretches where mountains raised abruptly from the sea and marine life thrives offshore.

Join your 2-hour whale watching cruise, venturing into deep offshore waters to encounter the region's resident sperm whales. Sightings of dolphins, seals, albatross, and seasonal migratory whales may also be seen in these nutrient-rich waters.

After the cruise, enjoy free time in Kaikōura to explore the township, relax by the waterfront, or enjoy lunch at a local eatery (own expense). Later, visit a nearby fur seal colony along the rocky shoreline, where these animals can often be seen resting and playing against a backdrop of towering peaks and dramatic coastal scenery prior to your departure back to Christchurch.

DURATION 10 hours

PRICE NZ \$380 per person
